Final Report Grading Rubric

Matthew Shuman

1 Name and Index Terms - 2 points

Update the author name and add correct index terms for your paper.

2 Abstract - 5 points

An abstract describes the problem, the proposed solution, and results from testing that solution. This should be concise and is essentially an outline. Include what you are paying to get an education, what excites you about the field of ECE, and an ECE role model of yours.

3 Introduction - 5 points

An introduction more thoroughly describes the problem and elaborates on the solution. The introduction connects all of the future sections.

4 6 Sections - 5 points each

How did each section of the course (lecture or lab) help you through the term?

5 Conclusion - 5 points

The conclusion summarizes how each of the 6 sections connects back together. This should repeat how the problem stated in the introduction was solved.

6 Biography - 3 points

Update your biography with a description of you and an unique picture or photo to act as your signature for the document. Do not use face.png for your report.

7 Total - 50 points
