CS 160
CS Orientation
Functions and Lists/Arrays
Odds and Ends

• Testing out of CS 161 – Get the override and sign up to challenge now! You have to have a grade before getting into CS 162.
• Friday lab needs to filter into another lab!
• No demo hours this Friday, demo M-R!
• Assignment #8 posted later.
As a class, let’s revisit this...

• For all the employees in our company, calculate their gross pay based on their hours and pay rate.

• Create a function to get number of employees.
• What if you want to make sure this function only returns a valid integer?
• Create function called gross_pay that takes the number of employees and calculates gross pay for each.
• Create a main function where the program begins.
Demo...
Lists/Arrays

- How might we find who has the highest pay and worked the most hours?
