1. (5 points) Read http://callingbullshit.org/case_studies/case_study_musician_mortality.html. Summarize in your own words (200-400 words). Your summary should reflect your understanding of right censoring, any general take-aways, and any follow-up questions you may have.

2. (5 points) Read http://callingbullshit.org/case_studies/case_study_track_records.html. Summarize in your own words (200-400 words). Your summary should reflect your understanding of the statistical issues in this case study, any general take-aways, and any follow-up questions you may have.

3. (5 points) Consider these two readings as examples of project reports, similar to what you might turn in for your midterm project. List what you see as the key components of the reports, and propose a weighting/grading scheme to evaluate project reports.
