

**Human Factors Engineering II**  
**Discussion Questions for**  
***Thinking, Fast and Slow***

Kahneman, D. (2011). *Thinking, Fast and Slow*. New York: Farrar, Straus and Giroux.

**Conclusions.**

1. Which of the two selves matter more? Why?
2. Are you more an Econ or more a Human? Which do you wish to be? Why?
3. Should people (especially Humans) be protected from their errors? Why or why not?
4. Assuming that the System 1/2 theory of cognition is valid, what could be done to improve human cognitive performance?
